SCIENCE LOGOS USAGE GUIDE

The Science mission logos are to be used in compliance with the ESA Corporate Identity Manual. This document indicates what file to use for what purpose.

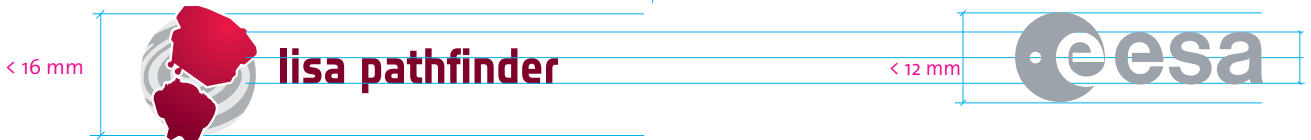

Logos with a detailed white outline is to be preferred in all dimensions down to 12 mm diameter for the background

circle. When the background circle is less than 12 mm in diameter, please use the simplified version.

Use the appropriate version of the logo if you have a white background or a black/dark background.

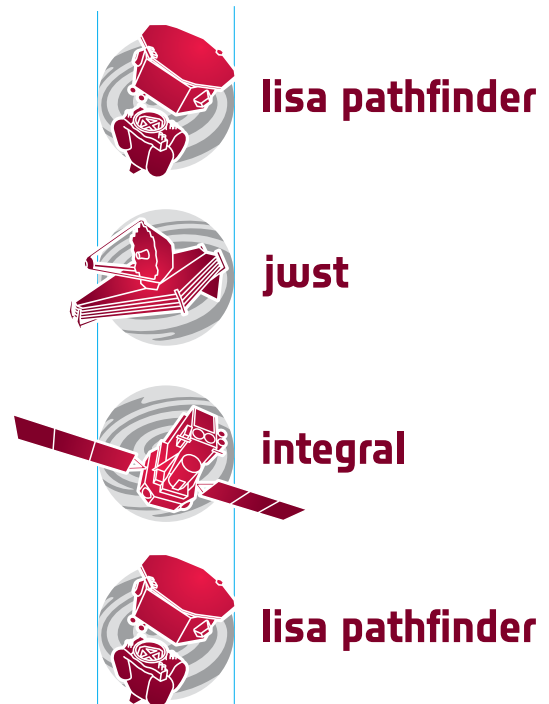

using a single mission logo
centered logo

Detailed or simplified version
Use the simplified version when the background circle is smaller than 12 mm.

easy to read at reduced scale
the simplified version has a bigger font size

presenting all missions together
align circles of each mission logo
